

# Bring Your Asset to Life

## WITH A PRE-POPULATED, CUSTOMIZABLE COMMERCIALIZATION AND LAUNCH PLAN

Corval is a cutting-edge technology solution that empowers biopharma companies, consultants, and service providers to quickly build and manage tailored multi-year commercialization roadmaps, detailed budgets, and full resource plans from pre-clinical to launch. Every subscription includes access to our industry experts.

## What if you could...

-  **See the full picture** — Understand the timing, hiring, and budget
-  **Streamline the process** — Build your plan in *days* instead of months
-  **Maximize flexibility** — Effortlessly modify timelines and resources
-  **Provide the answers** — Easily update management and investors
-  **Take a deep breath** — Have peace of mind everything will get done

**Corval offers all that—plus, so much more!**

**Technology is no longer a luxury. It is the price of entry.  
Start creating accurate, actionable budgets and roadmaps in  
a fraction of the time.**
